Sanya, China

Introduction

The 8th International Conference on Machine Learning and Intelligent Systems (MLIS 2026) will be held on November 25-28, 2026 in Sanya, China.

MLIS conference is convened annually to provide a platform for knowledge exchange of the most recent scientific and technological advances in the field of machine learning and intelligent systems.

On behalf of the organizing committee, we cordially invite scientists, experts as well as scholars to participate in MLIS 2026 and explore Sanya.

Brief Program

November 25	Registration
November 26	Keynote Speeches, Poster Presentations, Invited & Oral Presentations
November 27	Invited & Oral Presentations and Awarding Banquet
November 28	One-day Tour in Sanya

Explore Sanya

Sanya is a renowned tropical coastal paradise. Beyond the stunning coastline, you can explore vibrant coral reefs, lush rainforests at places like Yanoda, and rich local culture of the Li and Miao ethnic groups. The city also offers delicious fresh seafood and tropical fruits. As a top-tier international tourist destination, Sanya provides the perfect setting for relaxation, adventure, and immersing in natural beauty.
